Elicio, Grenache-Syrah, IGP Méditerranée Rosé 2023

IGP Méditerranée, France

PRESENTATION

Fresh, fruity, and approachable in every sense, Elicio wines resonate with the times and our desire for immediacy. They come in screw cap bottles for their ease of use, but primarily for their effectiveness in keeping intact the flavors revealed by the meticulous winemaking carried out by Alexis, our Winemaker.

THE VINTAGE

2023 was a year full of contrasts: warm temperatures at the end of December and beginning of January raised concerns about early budding; a return to normalcy continued until February with relatively cool weather; a persistent drought accompanied by a strong Mistral wind, followed by regular rainfall until the end of June. Thanks to constant vigilance in the vineyards, the berries were healthy and well-ripened when harvest started, promising one of the finest vintages of the past decade.

TERROIR

Marls, pebbles and limestone.

WINEMAKING

Harvested at dawn, grapes are destemmed and pressed directly with a short maceration. Directly put into vats, this winemaking process favors aromas and freshness. Low temperature alcoholic fermentation. Then the wines rest on fine lees at cold temperatures before final blending.
